

12 June 2018

Dear Parents and Carers

I am writing to make you aware of an incident that happened on Monday morning before school. A man parked in a van close to the Rosemary Avenue site indecently exposed himself to a group of our students on their way to school. The students informed staff members of this on their arrival at school and the police have been informed.

In school we regularly refer to personal safety related issues with our students, through assemblies and Personal and Social Education themes and encourage students to report anything that is of concern to them. I am sure that this is something that you also do at home.

By writing, I do not want to create greater concern than necessary for you; however, the safety, welfare and wellbeing of all of our students both in and outside of school is the most important thing. It is a good time to make you aware of this incident and more general reminders to your daughters of their personal safety as we move towards the end of the summer term and the summer holiday period.

Yours sincerely

Jennifer Gumbrell
Headteacher
